

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-10 (Cancelled)

11. (Original) A method for transferring a design for projection in an imaging system, the method comprising:

identifying a plurality of fundamental shapes occurring in the design by comparing discrete portions of the design to a library containing the fundamental shapes;
extracting the fundamental shapes from the design; and
transferring the extracted fundamental shapes for projection in the imaging system.

12. (Original) The method of claim 11 further including reconstructing the design from the transferred fundamental shapes.

13. (Original) The method of claim 12 further including:
adding the extracted fundamental shapes to a list; and
transferring the list.

14. (Original) The method of claim 13 further including generating a plurality of ordered frames from the list and the fundamental shapes, wherein each frame is temporally shifted from a preceding frame and a following frame.

15. (Original) The method of claim 13 further including:
dividing the fundamental shapes and list into a plurality of portions; and
transferring the plurality of portions to a plurality of drivers for projection.

16-33. (Cancelled)
